

## THE PRAYER LETTER FOR KINGDOM LIFE MINISTRY (October 2022)

Hello every one, greetings to you all in the name of our Lord Jesus Christ.

We thank you all for the support you render to the work of God here in Uganda. May God richly bless you.

We continually pray for you all in the name of our Lord Jesus Christ.

Generally, the Ministry is going on well by God's grace.

The economy is very high and life is hard here in Uganda. However, we are still pushing on by God's grace.

The various departments are performing as follows;

### SCHOOL;

The School is doing well. We are in our third term of the year 2022. The enrollment for the Pupils is over 700. We really thank God for this number.

The teachers are doing a great job to Pupils and we receive a good report from the Parents that their children are doing well in classes.

We have been able to register new Pupils this last term from the neighboring Schools and we are still registering. This is due to the quality education which parents observe from our Pupils that prompts them to bring their children to Our School and we thank God for that.

We are preparing the Primary Seven Pupils for their Primary leaving Examinations (P.L.E). Therefore, we please ask for prayers of success for our Pupils that they perform well in those exams.

We are doing well in Sports more especially in football. We participated up to National level. This added value to the name of our School.

We have a challenge of the Food prices and other commodities going up 3 times the normal price and also parents being unable to pay fees due to the situation. This has affected us and other Schools a lot because it is becoming hard for a School to run on insufficient resources. This is calling for closure of certain Schools and some of them closed already. Therefore, we call upon your prayers in such a situation for God to intervene.

We ask you to pray for more openings for the School in terms of Finance and other resources that enable the School to run.

We ask you to Pray for our Parents / Guardians to be able to pay School fees and other Scholastic materials for their Children.

### **HOPE;**

The Vocational School is going on well.  
We are in our third term of the year.

Our Students are about to sit for their  
Final exams (D.I.T).

We therefore call up on your prayers that  
they perform well in their finals.

We also ask you to pray for more  
students in our institute and also pray that  
parents are able to pay fees and other  
scholastic materials for their Students.

We ask for more openings of Finance to  
be able to run the institute.

**(The pictures show Tailoring and Car  
Mechanics)**

## **CHURCH;**

The Churches are going on well both in Kasambira and Buwenge.

We had a believer's conference at Kingdom Life Church Kasambira and left many lives transformed.

We ushered one couple into Holy Matrimony.

We have been able to dedicate 23 babies to God and also baptize 20 adults at Kingdom Life Church Kasambira.

We constructed a pulpit / platform in the Church building.

However, we have challenges of the Church machines needing upgrading, financial support for evangelism, financial support for Buwenge Church building to be completed, to name it.

A need to pray for the Seminar and a crusade in December.

## **SENIORS;**

The students being sponsored are doing well and they are thankful for the support rendered to them by you all.

Those in Senior Four are going to sit for their Finals and therefore please pray for them that they perform well.

## **VILLAGE;**

The Village people on Food Aid are grateful for the support given to them.

## **ADMIN;**

Generally, the Ministry is doing well and all workers are performing their duties.

As the leaders, we are grateful for all the support rendered by you all. May the almighty God richly bless you.

We are ever praying for you all in our gatherings as Leaders. We normally meet every month for Prayer as Leaders.

However, we are experiencing hard moment as everything has gone up almost 3 times the normal price but we ask for your prayers for God to intervene.

Another challenge is that, the harvests have not been good and this has worsened the situation. Therefore, we need prayers for good harvests such that the prices will somehow go low.

We have the challenge of the too much rain which is affecting peoples' crops which is likely to lead to poor harvest.

We also have a challenge of Computers not functioning well (Jackson and James) because they have served for a long time .

We also have a challenge of buildings getting demolished due to the too much rain being received both at Hope and School.

We have also lost beloved ones from the Church and relatives.

We ask the team out there to please join us in prayer for the income generating project (Agriculture) we hope to start next year if at all finances allow. We chose this project because most of the finance is being spent on the food program (maize and beans). Therefore, we are planning to start planting our own maize and beans other than buying them as decided by the team. We will be hiring land to grow all that, so please we call for your prayers.

Please join us in prayer for Janet's and Ann's trip in November to Uganda.

We ask you to please pray for our Sponsors to be blessed and ask God to add us more Sponsors as we do the same.

We really thank you for everything, we love you and are praying for you in Jesus name.

Love from the Team.
